UI/UX and Product Designer with 5+ years of experience creating digital experiences across enterprise, healthcare, education, e-commerce and community sectors, combining strategic UX thinking with strong visual design. I design responsive websites, mobile apps and enterprise dashboards that improve usability and strengthen user engagement. I focus on simplifying complex workflows, creating intuitive experiences and helping teams move from discovery to delivery through clear thinking, close collaboration and strong execution. Recent work contributed to a 20% increase in event registrations.

Professional Experience

UI/UX Designer

Mantra108, Melbourne (Remote) | Apr 2024 – Present

- Led the redesign of responsive event and community platforms, simplifying user flows and content hierarchy to make unfamiliar concepts easier to understand.
- A/B testing showed a **40% relative reduction in drop-off** and increased the proportion of visitors continuing beyond the hero section from **61% to 79%**, contributing to a **20% increase in event registrations** during the phased rollout.
- Built a scalable Figma design system and WCAG 2.1 AA-aligned brand guidelines website with the marketing team, improving consistency, strengthening brand adoption and reducing repeated design work across teams.
- Created high-fidelity prototypes and collaborated with stakeholders and developers to validate design direction and translate complex requirements into production-ready experiences.

Product Designer (Contract)

IE, Melbourne | Mar 2023 – Apr 2024

- Led end-to-end UX/UI design for a data-heavy enterprise dashboard, simplifying complex workflows into clear, actionable experiences and achieving a **System Usability Scale score of 79, 11 points above the benchmark of 68**.
- Synthesised findings from stakeholder workshops to identify user needs, workflow friction and business priorities, shaping the dashboard's information architecture and design direction.
- Designed task flows and interaction patterns, and built reusable components and design guidelines that improved workflow visibility, information hierarchy and consistency while supporting future product growth.

UI/UX Designer (Contract)

Immismart, Melbourne | Nov 2022 – Mar 2023

- Led the 0-to-1 design of Gauge, a language-learning app focused on building consistent study habits, delivering an end-to-end mobile experience and high-fidelity clickable prototype across onboarding, lessons, practice activities and progress tracking.
- Synthesised survey, interview and competitive research into information architecture, task flows and interaction patterns that simplified the journey from sign-up to lesson completion.
- Conducted heuristic evaluations, UX audits and competitor analysis for migration-focused platforms, identifying opportunities to improve navigation, content hierarchy and users' understanding of services.

Senior Digital Designer

Syneos Health, UK (Remote) | Jun 2021 – Nov 2022

- Led digital campaign design for Pfizer, AstraZeneca, Bayer, Novo Nordisk and GSK, translating complex medical content into clear, accessible and compliant communications.
- Partnered with medical reviewers, strategists, developers and account teams to produce approval-ready assets aligned with regulatory, brand and campaign requirements.
- Built reusable templates and structured design files that improved consistency across brands and reduced medical, legal and brand revision cycles by approximately 20%.

Senior Digital Designer

Dentsu Aegis Network, Bangalore | Dec 2019 – May 2021

- Designed multi-channel product-launch campaigns for JBL, Harman Kardon, Toyota and Dune London across social, web and display.
- Created launch assets and video storyboards for JBL and Harman Kardon, contributing to an **18–22% increase in campaign engagement**.
- Built reusable campaign templates and asset libraries that reduced repetitive production work by approximately 20% and supported delivery of **30+ assets per campaign**.
- Collaborated with strategy, media, content, and production teams to maintain consistent messaging and visual direction across campaign touchpoints.

Graphic Designer

Webenza, Bangalore | May 2018 – Nov 2019

- Designed websites, digital campaigns, social content and print collateral for clients including Amazon, Sterling Holidays and Safari Bags.
- Restructured Amazon seller-facing pages to make new offerings, process updates and key actions easier for sellers to understand.
- Designed Sterling Holidays campaign assets across social and digital channels, contributing to a **15% increase in social engagement**.
